VASGBI ANNUAL SCIENTIFIC MEETING

LONDON 2025

A welcome message from the society chair...

We are delighted to present details of this years VASGBI ASM in London to be held at 1 Wimpole Street.

This excellent, purpose designed facility is an ideal venue to support a conference like ours and a great opportunity for companies to present their products and meet end users and service planners.

The conference has primarily been organised by the Vascular Anaesthetic Team for Guy's and St. Thomas' NHS Trusts, in collaboration with the VASGBI Committee. This is one of the biggest UK centres with an especially large complex endovascular service. Speakers are drawn from other large London centres and around the UK.

The central London location will attract a wide national and international audience. Situated just behind Oxford Street it's a great place for shopping, eating and linking to all of London's attractions.

Thanks for your interest in supporting our meeting. Hope to see you in London in September.

Dr Dan Taylor
VASGBI Society Chair
