## Things to do in Liverpool

There are many attractions to explore in the City of Liverpool, here are just a few ideas.  
More attractions can be found on the Visit Liverpool website <https://www.visitliverpool.com/>.

### Royal Albert Dock

Iconic in style; immense in ambition. Liverpool's docks dominated global trade in the 19th century, with the Albert Dock at their heart. Largest collection of Grade I listed building in the Country.

### The Royal Liver Building

The Royal Liver Building is a Grade I listed building and is located at the Pier Head and is one of Liverpool's Three Graces, which line the city's waterfront. The building opened in 1911, and is the purpose-built home of the Royal Liver Assurance group, which had been set up in the city in 1850 to provide locals with assistance related to losing a wage-earning relative. Today the Royal Liver Building is one of the most recognisable landmarks in the city of Liverpool and is home to two fabled Liver Birds that watch over the city and the sea. Legend has it that were these two birds to fly away, then the city would cease to exist.
